*We offer service throughout the whole life cycle of the products with services and after sales support on a global basis. You can rest assured that you will always receive technical advice and spare parts for your equipment.*

#### *LAYOUT DESIGN*

Modern design tools and a large amount of experience are what it takes to create layouts for galleys, pantries, bars and laundry areas in all kinds of marine projects. The aim for our world-class designers is to utilize every inch of the galley to create an optimal workspace.

to minimize the delivery time. After 40 years (and many success stories) we have built up a reputation as a reliable partner.

#### *SHIP AS IN PARTNERSHIP*

When refits are done on ships in service, our efficient and experienced installation team finalizes tight schedules to minimize financial loss and passenger and staff inconvenience.

#### *MODULAR TURNKEY DELIVERIES*

Module-based catering areas were originally developed for new buildings: equipment, walls, ceilings, hoods and lights are all pre-fitted in a factory. The same revolutionary technique is applied in repairs and conversion projects. As a result, the work done on board is kept to a minimum. And you know what that means: great savings in both time and money.

#### *SPARE PARTS AND SERVICES*

Every appliance you buy is made to be easily maintained and serviced. Loipart is dedicated to helping you and other customers keep your equipment up and running.

We provide full support for all of our deliveries with a wide range of spare parts from our warehouse in Sweden. We have a dedicated team for technical service, guarantee issues and handling of spare parts. In all, we have about one thousand service points available within our network. Our US customers are also served locally from our stock held by Loipart USA in Fort Lauderdale, Florida.
