

DEEP FAT FRYER 1X15-18 L

Model: EVO-400M

Article no: 8440M

Power supply: 400V 3Ph ~50/60Hz

This fryer is made entirely in stainless steel with very strong, 1.5 mm thick, seamless, pressed stainless steel oil tank. It is tested to satisfy the heavy use and demanding safety standards required at sea. The fryer is provided with an improved security system thanks to the deactivation of the fryer when opening the tap and when washing the heating element. The rounded edges and corners, and the hinged construction of the stainless steel heating elements facilitate cleaning.

The drain with a cold zone for waste recovery is located in the cabinet and provided with a ball type drain valve with a security lock.

The thermostat probe is fixed to the heating element which means quick response and precise temperature control. Using a "standby mode" reduces automatically oil temperature saving both oil and electricity.

As to Solas rules the client can choose to use the connection points directly in the unit or use the separate 4-wire Solas security cord delivered with the machine.

An automatic basket lift and a recycling pump with micro-filter are available as optional extras.

MAIN FEATURES

- High Output
- Exelent Frying Results
- Energy And Oil Saving
- Insulated Execution
- Precise Temperature Control
- Easy To Clean
- Protection Class Ipx5
- Manufactured Acc. To Solas Recommendations

EVO-400M, 8440M

TECHNICAL DATA

EVO-400M, 8440M, 07-10-22 (12:09)

Model Number Specific	EVO-400M
Voltage (V)	400
Phase	3
Frequency (Hz)	50/60
Loading (kW)	14,4
IP Class	X5
Capacity (L)	18
Width, net (mm)	398
Depth, net (mm)	600
Height, net (mm)	930
Weight, net (kg)	59
Weight, gross (kg)	63
Volume, net (m3)	0,22
Volume, gross (m3)	0,29
Connection Cable, lenght (m)	2
Plug type	None
Product brand	Valentine
Frying capacity, chips (kg/h)	46
Installation, type	Floor model
Marine feet	Yes
Noise level <(dB)	70
SOLAS approved	Yes

INCLUDED IN DELIVERY

Lid, frying basket and oil bucket with filter.
